AFE Awards 2018 Scholarships

Jennifer Zurko

The American Floral Endowment (AFE) has awarded 21 students with scholarships totaling $42,800. Eighty-seven applications were received for this 2018 scholarship cycle.

“We had many outstanding students apply for scholarships this year, which is why some scholarships were awarded to two recipients,” said Dwight Larimer, AFE Chairman and Education Committee Chair. “I'm proud to see the high quality of students each year and I enjoy granting scholarships to these well-deserved students to help them continue their education and become passionate industry leaders.”

AFE awards scholarships annually and applications are due by May 1 of each year. Scholarship descriptions and the amount awarded is available at endowment.org/scholarships. **GT**
