Ellen C. Wells

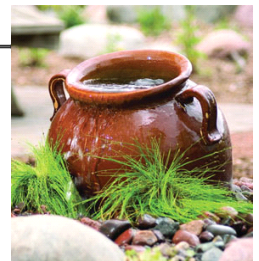

All-America Selections

Eggplant 'Gretel,' a 2009 AAS Winner, was bred by Seminis Vegetable Seeds. The glossy white mini-fruit is produced in clusters and can be harvested in 55 days. 'Gretel' is sweet with tender skin even if mature beyond the ideal size of 3 to 4 inches.

Aquascape

Aquascape's ceramic Slanting Jar Bubbler provides soothing sounds of running water in the garden. Used in conjunction with the AquaBasin, water is re-circulated with a small pump and topping off of water is kept to a minimum.

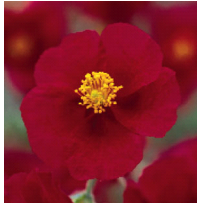

Bailey Nurseries

New to the Endless Summer Collection, Twist-n-Shout is set to shake things up in 2009. This brilliant lacecap hydrangea is a strong rebloomer, topped with gorgeous blooms, glossy green leaves and red stems. Fall leaf color is a stunning red-burgundy, making it a season-long star.

Ball Horticultural Company

The Cabaret Calibrachoa series is an industry and home gardening breakthrough. These full, lush plants offer mounds of small flowers that trail beautifully in hanging baskets or containers. Available in 10 shades (pictured: Cabaret Purple Glow), reach a height of 6 to 10 inches and spread 8 to 12 inches.

Blooms of Bressingham

Helianthemum nummularium Hartswood Ruby, a low-growing, easy-care plant offers saucer-shaped, velvety, true red 1-inch flowers with bright golden stamens. Flowers persist from May into July—a month longer than other *Helianthemum* varieties. Grows 14 inches tall by 22 inches wide its first year.

Booman Floral

Carnivorous plants grab kids' attention like they grab bugs. Shipped nationwide in a 24-pack assortment, plants are ready to set up at checkout counters. Individually packaged for long shelf-life and a great gift idea, too.

Daniels Plant Food Products

Daniels patented technology extracts the nutrients from seeds to formulate a concentrated liquid fertilizer that mixes instantly with water. The revolutionary plant nutrition of Daniels products meets the feeding requirements of all plants, even specialty crops.

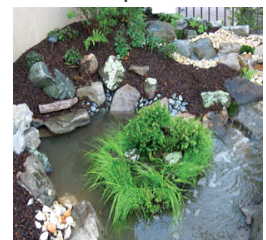

DuneCraft

Join SpongeBob underwater with the Water Lilies Garden. This garden features seeds that spring forth lily pads a week or two after water is added. Includes SpongeBob-themed porthole decals, colorful sea flower stickers, lava rock and more.

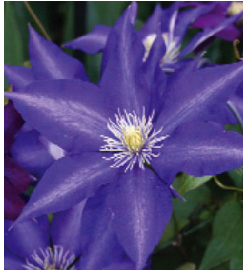

Element Imports Inc.

Vegetable fiber, stone powder, sugar pulp and bamboo constitute the exotic, earth-friendly formula of Eco pots. Elegant design, soft semi-gloss finish and 18-month compost time make for an economical, environmental alternative. Customizable for color, shape, size and compost time.

Freedom Inc.

Islandscapes create a beautiful, self-sufficient, living ecosystem, providing a habitat for fish, birds, amphibians, pollinators and plant life. They're even certified as a Wildlife Habitat by the National Wildlife Federation. Just plant, launch and enjoy. Made from recycled plastic bottles.

Garden Splendor Inc.

Clematis Daniel Deronda is an award-winning variety with large, semi-double, violet-blue flowers in late spring and again in summer with large but single blooms. Plant Daniel Deronda to climb on a fence, arbor or trellis. Reaches a height and width of 7 feet by 12 feet.

Hines Horticulture

Bahama Bay Hibiscus is a series of nearly two dozen varieties with enormous bi- and tri-colored blooms. Considered a subtropical perennial, Bahama Bay requires full sun and prefers well-drained soil and regular fertilization. Zones 7 to 9 can enjoy blooms almost year round.

Jackson & Perkins

2009 Floribunda of the Year winner, Kimberlina is one of the healthiest, toughest, most vigorous floribundas. Framed with glossy dark green foliage on an upright, well-branched plant, Kimberlina's pink blooms exhibit an elegance and versatility that lends itself to any mixed landscape.

Planto

The Pia Visor provides style and shade. Its peak consists of 100 percent natural straw and is ideal for those who don't wear hats but want to protect their faces from the sun. The cloth bow also regulates its size easily.

Poly-Tex Inc.

These new cashier tables are constructed from heavy-duty galvanized steel for sleek styling and easy cleanup. The tables feature simple assembly and can be configured in several ways to fit your needs.

Proven Winners

Add zest to your traditional lineup of pumpkins, mums and hay bales with the Fall Magic line. These vigorous, cold-tolerant growers require little water so they can easily fill an empty spot quickly with colorful blooms. Point-of-purchase materials available.

Smart Solar Inc.

Illuminate your driveway, garden or pathways with Smart Solar's latest addition to their extensive product range. The Sentinella Bollards charge by day to save energy and are triggered by two motion sensors located at the first bollard and last light.

Spring Meadow Nursery Inc.

At just 24 to 36 inches tall, Lo & Behold Blue Chip from Proven Winners ColorChoice is the first true dwarf buddleia. It blooms continuously from midsummer to fall without deadheading and maintains its tidy habit without pruning.

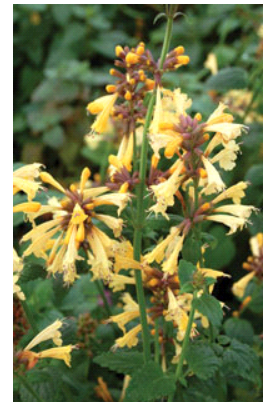

Structural Plastics Corporation

Versatility and modular components are what it's about with the Multi-level Pyramid Display. Legs lock in place directly to the panel surfaces using a series of collars that can be moved and adjusted. Shipped complete and ready to assemble, this display provides more than 80-sq. ft. of merchandising space.

Terra Nova Nurseries Inc.

Agastache 'Summer Glow' blooms all summer with glowing, pale yellow flowers with dark calyces to extend the showy season. This herbaceous perennial has a narrow upright habit with bright green foliage, is easy to grow with good drainage and is popular with hummingbirds.

The HammockSource

W.R. Perkins Signature DuraCord Rocker from the Hatteras Outdoors Collection is comfortable, stylish and ready-to-assemble. The seat and back are crafted of 100 percent DuraCord rope in an intricate multi-layer hand woven design with a solid cumaru hardwood frame. Available in five color choices.

Tree Jewelry

Stand out with your customers with this gleaming stainless-steel piece of tree jewelry. It's a fresh, stunning and exciting way to build high traffic and interest. Made of stainless steel spheres strung on marine line finished with marine hardware.

Under A Foot Plant Company

Mazus reptans, Purple Mazus is a low-growing mat that becomes covered with abundant, tiny purple, yellow and white flowers. This Stepables can be used as a lawn substitute, to fill crevices or spaces between stepping stones.

Whittier Wood Products

GardenWood Furniture's 500KFBA Nesting Arm Chair is made from yellow balau hardwood with a rich nutmeg finish. The Nesting Chair features a comfortable, ergonomic design and can stack together for easy storage. All hardware is anodized for weather resistance.
