### **Kientzler North America**

Kientzler North America has hired Nathan Sell as its Commercial Director of North America. Nathan brings more than 25 years of industry experience to the team, most recently having been Managing Director of Dümmer Orange North America. He's also got experience with Four Star Greenhouses and Kalamazoo Flower Group. He will join Kientzler North America's Managing Director Steve Rinehart as they look to expand their footprint in the region.

Nathan earned his BA from Michigan State and still resides in southwest Michigan with his wife, where they own and operate a grower/retail business, Pine Grove Greenhouse & Farm Market.
