Registration for CAST Now Open!

Jennifer Zurko

Registration for all of the stops during the California Spring Trials is now open. This year, the event is being held March 24 – 27, which has moved it up a day, starting on Tuesday instead of Wednesday and ending on Friday instead of Saturday for 2026. The National Garden Bureau is handling registration duties for CAST again, so go to caspringtrials.us for more information and to register for any or all of the stops. Please note that not all of the stops are open the entire time of the event, so pay attention when referring to the dates and times listed with the stops.

If you can't make it this year, Chris Beytes, Bill Calkins and Jen Zurko along with video producer Osvaldo Cuevas (better known as the Bobbleheads) will be at every stop to bring you all of the highlights—via our *Acres of Buzz!* newsletter, our *GrowerTalks* YouTube channel and on social media. **GT**
