Save the Date: California Spring Trials 2027 set for April 6-9

Chris Beytes

National Garden Bureau, which organizes the registration for the annual California Spring Trials, announced the date for the 2027 event as April 6-9. This is Week 14 of 2027, one week later than the 2026 event because of religious holidays.

CAST is for brokers, growers and retailers, and really anyone else involved in the floriculture business. It's held at multiple locations across California, offering an exclusive preview of upcoming ornamental and edible plant introductions.

One key location change for 2027 is that the Ball Companies (PanAmerican Seed, Ball FloraPlant, Selecta One, Darwin Perennials and Morel) will now be at the Museum of Ventura County in downtown Santa Paula, just four miles from their old location. If any other locations or participants change, we'll be sure to let you know! **GT**
