PW's Recipe Guide for Professional Growers

Chris Beytes

Ideas! That's what you growers are looking for, especially when it comes to container recipes. Proven Winners has your back with their new Recipe Guide for Professional Growers.

Proven Winners' recipe guide includes everything from creative design tips to critical production knowledge, all put together by their lead growers. It includes planting diagrams for nearly 200 recipes that make use of the new varieties for 2019, including Proven Winners' Annual of the Year, Lemon Coral Sedum.

The handy thing is, it's online. Go to provenwinners.com to view the entire 20-page booklet right now and be planting up some containers in just minutes ... provided you have some Proven Winner plants on hand, of course. **GT**
