## A Mastercourse for Young Professionals in Holland

*Jennifer Zurko*

If you're attending the Aalsmeer Trade Fair and the International Floriculture Trade Fair (IFTF) at the end of October, and you're between the ages of 25 and 40, you'll also have the chance to participate in the Pro Manager Mastercourse. During the two-week program, participants will visit and learn from 15 Dutch horticulture companies, focusing on current and upcoming trends, along with management skills to use as you move forward in your career.

The Pro Manager Mastercourse is being held October 28 to November 9. The cost for the program is 750 Euros, in addition to travel costs and lodging. Hotel rates are estimated at 150 Euros per night.
