spoga+gafa 2020 Canceled, Gets New Permanent Date

Chris Beytes

spoga+gafa, the big Germany garden center and garden lifestyle trade fair, has been canceled for 2020 (guess why?) and moved from its usual time slot in early September to a springtime slot, May 30 to June 1, 2021. The organizers say this is at the request of the industry, as it's a more convenient time for a large segment of the industry to place orders. It's a big show, too, with almost 2,300 exhibitors and 40,000 attendees from 120-plus countries.

So mark your international travel calendar for May 20-June 1 in Cologne, Germany, a lovely city with an amazing cathedral. **GT**
