Hardware Show Postponed Until October

Chris Beytes

The National Hardware Show (NHS) announced that its 75th anniversary event has been pushed back to October 21 to 23 from its planned date in May. The show will remain in the Las Vegas Convention Center, but will move to the newly opened West Hall. That puts the show on Thursday, Friday and Saturday, with the educational sessions taking place on Wednesday.

Said Beth Casson, event leader of the show, "We know how eager everyone is to come together again and are excited to unite in a brand new, state-of-the-art space in October."
